

Ormonde Offshore Wind Farm Out & About

November 2022

Beach Clean at Walney

In August, Vattenfall was proud to support our intern student Tali Van-Beek when she coordinated a hugely successful beach clean activity day at Walney. The participants from Ormonde Wind Farm & Natural England collected and safely disposed of a massive 78kg of rubbish from the beach.

Tali, a former pupil at Walney School, joined Vattenfall this summer to do an internship and quickly became an important and valued member of the Ormonde Offshore Wind Farm team. Well done to all.

Tour de Furness

The Tour de Furness charity cycle event was organised by the Rotary Club of Furness to raise money for St Mary's Hospice. The event has been taking place for the past 26 years and has raised over £20 million. The idea of the event is to get cyclists of all abilities joining in to have fun and raise money for charities of their choice.

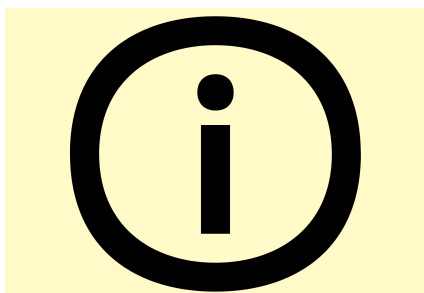

This year, Vattenfall's Ormonde site employees raised over £400, and the total will be match funded by the company.

Visit to Walney School

After a few years without much in the way of face-to-face contact, we've been delighted that we can get out and about again and pay a visit to some of our local stakeholders in Barrow-in-Furness and surrounding areas.

Our Stakeholder & Community Engagement Manager, Mimi Mwasame, recently stopped by and spent time with Year 9 and 10 at Walney School on 'Futures Friday'. They discussed employability skills, and of course, wind energy. Thanks for having us!

Where to find more information

Turbine blade & rotor recovery

Work to recover the blades and rotor of a wind turbine from the seabed, following an incident late last year has been successful. Please [click here](#) for more information.

Vattenfall in the UK

If you'd like more information about Vattenfall, our wind farms and our other businesses in the UK, please [click here](#) to visit our website or copy this URL into your browser: www.vattenfall.co.uk

Introducing Mimi Mwasame

Mimi is the new Stakeholder & Community Engagement Manager for Ormonde. If you'd like to chat, you can reach her at the following email: mimi.mwasame@vattenfall.com
