

Gordon Rural Action and The Bikery

Cycle shop and workshop The Bikery, located in Huntly and operated by Gordon Rural Action (GRA), has recruited three apprentices from The Gordons School in Huntly. The eleven-month renovation of The Bikery was partially funded by the Clashindarroch Wind Farm Community Fund. The Fund awarded £10,000 to Gordon Rural Action for

additional surveys and feasibility studies to ensure that The Bikery building is fit-for-purpose and sustainable in the future. By transforming a disused building within the town centre, the Fund supported the town's regeneration plan.
